

## PAUL WAGAR

### OBJECTIVE

To be considered for the position of National Safety Director of Quarter Midgets of America for the 2021-2022 racing seasons.

### QMA EXPERIENCE

I have been actively involved in quarter midgets for 7 years and my son, Braeden Wagar, is still currently racing. I am a current board member at WQMA and have held or filled multiple roles at a club level. Whatever it takes to keep the race day rolling!. I was the WQMA Safety Director for our 2017 Grands overseeing all things safety. I served on the National Grands Committee for 2020 in Montana and filled the National Safety Director position for The Grands event this year.

2019 TO PRESENT - (2 years) - WQMA NOVICE TRAINER

2015 to 2017- (3 years) - WQMA SAFETY DIRECTOR

### SKILLS

Responsible/ Hardworking

Effective Communication Skills

Problem Solver

Leadership Skills

Diesel Mechanic for 27 years

Reliable

Currently with City of Everett for past 13 years as a heavy equipment mechanic

Associates Degree from Wyotech in Diesel Technology and Business Management

### FUTURE EXPECTATIONS

#### **As National Safety Director I Will Adhere To The Following:**

Implement all rules and regulations involving the safety of the drivers and the public in the conduct of all qualifying, training or educational programs and events.

Administer and Interpret All Rules Having To Do With The Following:

Driver equipment, the handling of fuel, gasoline, and other volatile substances, all safety equipment on all cars, fuel and exhaust systems, roll bars, cages and safety belts and harnesses , car design and construction, size and weight.

Approve all new car construction designs as pertains to safety considerations. Stay

Knowledgeable of the rules, bylaws, and procedures. Perform duties required by the QMA bylaws. Help to grow the sport we all enjoy.
